

General Construction

Qualification

- BCG10103 - Certificate I in General Construction
- BCG20103 - Certificate II in General Construction

Our Delivery

At Training Prospects we deliver our training in a flexible method, to suit you – the employer. We offer:

- A combination of on-job and off-job training methodologies
- Intake for new apprentices all year around
- Training delivered in both metro and regional areas

Our on-job / off-job combination training benefits you as the employer in many ways which include:

- Having more input in your employees training
- Gaining more of an understanding of your employees training requirements
- Direct liaison with your employees trainer

Training Prospects off-job training facilities have been designed and maintained with industry best practice in mind. They provide students with the opportunity to learn the key traditional skills of their chosen vocation as well as modern techniques.

Qualification Summary

Training Prospects offers a range of training in general construction related qualifications. A qualification in general construction will give your trainee the backing to work effectively in a range of construction areas. These areas include but are not limited to:

- ✓ Construction Assistant – Concrete
- ✓ Trades Assistant

Subject to eligibility, some or all of the costs of Training Prospects training solutions may be offset using Commonwealth Incentives.
